Why We Run/Walk

In August 2003, we lost our husband and father to interstitial lung disease. We have also lost friends and family members to emphysema, pneumonia and COPD as well as have seen others suffer with cystic fibrosis. In memory of our husband/father and our other family members and friends and in honor of all those fighting lung diseases we organize the John H Harmon Memorial 5k to raise funds for lung research and patient/family support. Our dream is that no one should ever suffer the losses we have.

Join us for the 13th Annual John H. Harmon Memorial Virtual 5k Run/Walk on Saturday, October 2
